ALMEDIO INC.

ALMEDIO has acquired the attestation on BD-ROM Media Testing Center

Blu-ray Disc Association (BDA)* has approved ALMEDIO INC. (Higashimurayama-shi, Tokyo Japan, Yoshio Inuma, president) as a BD Testing Center for BD-ROM Media on March 19, 2009.

ALMEDIO has been conducting three kinds of business activities, such as Test Media business supplying the test discs as the criteria and for adjustment to Audio, Video and Computer peripheral devices manufacturers, Creative Media business making custom-made music CDs, CD-ROMs, and DVD-Videos and Testing business performing verification and inspection of DVD discs as entrusted business.

In December 2000 we acquired the attestation of DVD-Video & ROM Disc Class-B verification laboratory, Class-A verification laboratory in September 2008 subsequently. Since then we have been expending our effort in supporting DVD market for further progression.

We also have been performing activity to BDA by developing several test tools as a contributor member of BDA, supplying various Test BD discs to our customers.

ALMEDIO is the fifth BD-ROM Media Testing Center in the world who can perform verifications of every kind of BD-ROM discs. We take this opportunity to promote our activity in supporting Blu-ray Disc market further spreading and developing. At the same time we will continue our effort to develop information appliances industry mostly optical discs.
