

Title: **Termination of the industrial optical test media production**

Date: July, 20, 2023

From: Sales division, sales department, ALMEDIO INC.

Dear valued customers

We are writing to inform you that we will discontinue the production of the optical test media products.

-Record-

- By the end of October 2023: Contact us for the final required quantity
 - March 31, 2024: Final shipment
 - Target model: All models of the optical test media
- (Some models may not be able to meet your requests due to the aging equipment.)

We understand that this may come as a disappointment to some of you. We need to ask for your understanding and cooperation.

For more than 30 years, we have been manufacturing and selling the optical test media for the verification of standard requirements and adjustments of the personal computers and AV equipment. We have implemented cost reductions and facility maintenance to meet the customer requests as long as possible. However, due to the drastic decrease of demand for the optical test media by the reduction of the optical disc drive market, we have no choice but give up continuing the business.

We would like to express our sincere gratitude for your continued patronage. We would also like to congratulate you on your company's continuous prosperity.

Sincerely yours
